5. I would not impose octroi on Jaggary. I believe this article is a main item of trade in this place & a duty on it will simply shift the trade to an adjacent place like Hirekerur.

6 Octroi should mainly be a tax on local final consumption of which there will not be much in a petty place like Sirsi & Honawar.

7 Octroi on a mere market town merely means that the town would thrive on the country side, as they do their marketing there, but in such a case sooner or later the

SIR

In submitting herewith the correspondence ending with report 139 dated 30th December 1929 from the President Shiralkoppa Municipality regarding the levy of Octroi within the Municipal limits I have the honour to state that this question was under correspondence since 1921 as there was a protest in the Council against the levy of Octroi on tobacco cocoanut and jaggary The Council at their meeting held on 8th December 1928 passed a set of bylaws in this connection by a majority of votes 7 including the President voting for the inclusion of the above three articles in the Schedule of dutiable goods and the others for their exclusion

These bylaws were notified calling inviting objections if any from the Public Two objection petitions were received The substance of both these representations is that jaggary is the main produce in these parts and that the levy of octroi on it would result in levy of double ~~a~~ one on the shape of land revenue and another octroi and would work as a handship on the ryots and would hamper trade which is already in a languishing condition The two petitions were discussed at the meeting of the Council held on 12th September 1929 when all the members present except the President resolved that this tax should not be imposed in the Municipality

This subject was again brought up before the Council on 8th September 1929 Out of 11 members present 6 including the Presi

were for the levy and the others were against it

In this connection I beg to bring to the notice of Government that the finances of this council are far from satisfactory This is due not to the want of taxable capacity of the people but to the failure on the part of the Council to take necessary steps to augment their income by tapping all sources of income They have not till now taken any action in this direction and the proposed octroi bye-law is their first attempt Shiralkoppa is a fairly important commercial centre and the levy of octroi is expected to yield a large income to the Municipality

In these circumstances I request that the draft bye-laws be approved and sanctioned with the modification of Rule 18, so as to admit of refunds on piece goods only

I have the honour to be

Sir

Your most obedient servant

Reference - Trade in Shiralkoppa - Octroi duty 3029

In continuation of my letter of the same no dated 11-12-1930 on the above subject, I have the honor to state that I visited Shiralkoppa and discussed the subject in detail with the President and Members of the Municipal Council, important merchants and other residents of the place at a meeting held there on 22-12-1930 Shiralkoppa is an important distributing centre of trade It has lost much of its former trade since Shimoga was connected with Birur by rail The merchants of the place are afraid that the imposition of octroi duty by the Shiralkoppa Municipality would further curtail their trade by diverting it to Hirekerur, another centre of trade across the frontier about 12 miles distant where it is learnt no octroi duty is levied

From the information furnished by the members of the Municipal Council, it is seen that the condition of the Municipal finances is not satisfactory and that it is very necessary to improve its resources The effects on trade of levying octroi xxxx duties or of establishing Municipal Toll Gates or of a market stand were discussed in turn The members and merchants at the meeting were unanimously agreed that there was no objection to the levy of octroi xxxx duties at Shiralkoppa at 2/3 the rate obtaining at xxxxx Byadagi Hirekerur Copy of the resolution is enclosed herein in original for the information of Government I have addressed Byadagi Municipality for a copy of the Bye-laws and also for information regarding the goods on which octroi -

Octroi is levied and the rate now in force On receipt of this information, I shall submit my final report to Government I have also instructed the Superintendent of Commercial Intelligence to go to Byadagi with a view to collect full information on the spot and study the subject in detail

Ref:- Trade of Shiralkoppa and levy of Octroi Duty

In continuation of my letter of the same no dated the 12th Feby 1931 on the above subject, I have the honor to state that the question of the levy of octroi duty at Shiralkoppa was discussed at a meeting of the Municipal Council held at Shiralkoppa on 9-4-1931 Detailed information collected at Byadgi regarding the articles subject to octroi duty, the rate of duty, the basis on which the duty is calculated and the arrangements made for the collection of octroi and also for the refund, was placed before the meeting The members resolved that octroi duty may be levied at Shiralkoppa on the same articles as at Byadgi, but only at two-thirds the rates now obtaining there I enclose herein for the information of Government copy of the proceedings of the meeting received from the President, Shiralkoppa Municipal Council, Shiralkopaa with his letter No M1 259 dated 20-4-1931 (~~copy enclosed~~) It is seen therefrom that the number of articles on which they propose to levy the duty is fairly large If the duty is to be collected as at Byadgi, the weight of the commodities should in all cases be taken as the basis for calculating the amount of duties payable I beg to request that necessary action may kindly be taken to get suitable bye-laws framed for permitting the Shiralkoppa Municipality to levy the octroi duty on the several articles shown

shown in the enclosed list at the rates shown against them The printed copy of the Bye-laws of the Byadgi Municipality and the list of commodities subject to duty are also sent herewith for your reference

Sir,

Re:- Levy of Octroi at Shivalikoffs

With reference to your office No C 4-1160/30-31 dated 24/6/31 regarding the Trade of Shivalikoffs and the levy of Octroi thereon, I have the honour to enclose a copy of the Resolution passed by the Municipal Council on 25/9/31, opining that the levy of octroi on Jaggery does not under any circumstances affect the trade thereof at Shivalikoffs as the market for Jaggery is always Keen and Ready Buyer on account of their better climatic condition for preserving Jaggery for long period and that they may hence be permitted to levy octroi on Jaggery without detriment to the trade of Shivalikoffs. I have also carefully studied the trade conditions and agreed

In opening of the Municipal Council to
the levy of octroi be suggested by you
and agreed by the Municipal Council as well
as the Townspeople on 9/4/31 is very urgent
for the Continuance of the Municipality as
such, I request you to kindly make a
recommendation to Government for sanction
the Bye laws. A draft Schedule of the
kind & the officers at Badge is also
enclosed for reference with the Connected record

I have the honour
